July 2009

Recipe for the Universe

The next meeting of the PVSG will be on Monday, the 13th of July, at 6:30 p.m. in room 310 at John Bapst Memorial High School. There we will hear Dave discuss the book *Just Six Numbers*. This book presents six numbers whose values determine fundamental properties of the universe and describes how sensitive those properties are to even small changes in those values - if any were slightly different we wouldn't be here.

Thanks for last month's program go to Bill for the look at the recent repairs to the Hubble telescope.

On the Schedule

(Items Subject to Change)

PROGRAMS

STAR PARTIES

July? August?: Sunfest
September 18 - 21: Night Sky
Festival, Acadia National
Park
